Strong Presentment by the Grand Jury Black Waste of Smoking Ruins in

Subway Commissioners and Coroners Fearlessly Arraigned.

Electric High-Tension and Telephone Wires Carelessly Strung Together.

The November Grand Jury to-day completed its labors, and Foreman Little read a presentment on the subject of electric wires before Records S nyth, who discharged the jury with hearty thanks for its excellent work. The presentment bristles all over with startling

It says that while the Grand Jury are unable to fix the responsibility of the death of Lineman Feeks it has placed memoranda in the hands of Col. Fellows which ought to fix the cause for Lineman Erdmann's death.

The whole system of overhead electric wires is attacked, and the manner of opening and reopening the city pavements is scourged and a remedy suggested.

The gross incompetency and the sensationalism of the Coroners' office is inveighed against, especially the practice of permitting lawyers for supposed defendants to run the Coroners' Court as they please, and the cus-tom of permitting curious persons to handle and examine the property of deceased persons and to copy private papers found on their bodies.

The Board of Electrical Control is arraigned for its incompetency and lack of ambition and energy, and its removal and the substitution of a board of expert electricians in its stead is recommended.

a board of expert electricians in its stead is recommended.

The Grand Jury thinks the Department of Public Works should control the subways after they are constructed.

Following is the presentment:

The Grand Jury has made an investigation into the grand Jury has made an investigation.

The jury find:

That the present State laws permitting every corporation authorized to operate underground structures to tear up pavements necessarily prevents the proper enforcement of the regulations of the Department of Public Works and are an effectual hindrance to good pavements and clean streets.

There is a great need of legislation which will give the city authorities power to determine under what conditions the streets shall be dug up, and to enable a proper supervision and regulation of this class of work.

The whole matter of tearing up the pavements, opening frenches, reaching water or gaz pipes, as well as relaying the pavements, should be under the control of the Department, and such work should be done by the Department on application, the parties desiring the work making a deposit to cover its estimated cost.

cost.

It is the opinion of the Grand Jury that.

Whe errer possible, subways should be constituted which would include an ple space in one tunnel for the gas, steam and water pipes and for wires, traction cables and smilar uses, instead of, as at present, allowing each separate interest the exclusive use of a separate part of the street.

There should be a regulation also compelling

"There should be a regulation also compelling con tractors acting for private corporations to work two or three shifts of men, so that the work may go on both night and day, and thus reduce to a minimum the annoyance of open excavations.

"The Grand Jury regret that they are unable to determine the responsibility for the death of Lipsman Feeks, since the examination of the evidence before the Coroner's Jury failed to fix this responsibility beyond a reasonable doubt.

"In this connection they present to the Court that there is room for radical reform in the present methods of conducting coroners' inquests.

"They have largely degenerated into a sensa-tional investigation, in which counsel for the supposed defendant are allowed unlimited lati-

supposed defendant are allowed unlimited latitude.

"Private papers found upon the deceased have been given to the press and the ends of justice defeated by the admission of evidence not related to the simple question properly before the Coroner.

"The Grand Jury believe that the death of said Feeks as well as the injuries to a valuable officer of the Metropolitan police force, and the death of a horse on Fourth avenue this month were directly due to the practice of stringing electric light wires on the same poles with telephone and telegraph wires.

directly due to the practice of stringing electric light wires on the same poles with telephone and telegraph wires.

"We cannot too strongly condemn this practice, and call the attention of the Court to its dangers. Not only is this a constant menace to the lineman, but also—by the breaking of a wire—a contact between it and a light wire may be established which will conduct into any house or office a deadly current over the telephone wire.

"We present to the Court that evidence was produced before us that on the 13th day of October, 1859, there existed on telephone poles below Fourteenth street electric-light wires carrying high-tension currents upon which wires in over two hundred and fifty cases the insulation was defective.

"In a majority of spots varying from two inches to three leet in length being entirely naked. Of these wires 171 belonged to the United States Illuminating Company, eight to the Manhattan Electric-Light Company.

"From investigating the cause of death of Lineman Erdman the Grand Jury are of the opinion that there is evidence obtainable that would enable the responsibility to be placed, and the foreman has handed to the District-Attorney a memorandum of the same for such action as he shall deem proper.

"The Grand Jury present to the Court that in their oppinion it was a grave error to intrust such important interests to a commission or Board having no practical acquaintance with the subject of electricity, either theoretical or applied.

"They believe from evidence presented to

the subject of electricity, either theoretical or applied.

They believe from evidence presented to them that the present Board of Electrical control have been negligent as well as incompetent, and are largely responsible for the slow and unsatisfactory manner in which the wires are being removed from our streets, and are worthy of censure in this respect, and that as soon as possible, without the serious impairment of vested interests, this Board should be removed, and the control of electric subways and service should be intrusted to competent supervisors.

Nothing could be learned at the office of the District Attorney as to what action would be taken in the matter of the killing of Lineman Erdmann, but it is understood that there will be arrests made as soon as a case can be prepared.

BURY THE WIRES. ACRES OF ASHES. PETTUS'S

the Business Heart of Boston.

Loss by the Fire Will Not Much Exceed \$3,000,000.

Four Gallant Firemen's Lives Lost in the Wrecked Buildings.

They Appear This Morning.

IMPRCIAL TO THE EVENING WORLD, I BOSTON, Nov. 20. - When the sun came out in splendor this morning it shed its rays over a scene of devastation and rnin.

The hours previous to the break of day were wearily passed by the tired policemen and gallant firemen, who still exerted their energies in quenching the remnants of the mighty blaze, which here and there broke out in little incipient fires, powerless to do anything other than to destroy little piles of inflammable debris.

The whole section early this morning was wrapped in dense gloom. The absence of daylight made it especially dismal as THE EVENING WORLD correspondent acrambled over and Like have funeral pyres, massive mounds of

ashes stood high in the street, from which smoke was curling, making visible the reflection of piles of charred timber, which glowed in spots like coalests a furnace.

The state was rendered more impressive by

the mournful, muffled puffing of engines. The sun rose in all its glory in contrast to the dark, rainy morning of yesterday that witnessed the outbreak of this great conflagration. What a scene it was! Tall, gaunt walls, like spectres, stood up in

bold relief, almost held, as it seemed, by some unseen power. As far as the eye could see in the narrow streets there was nothing but ruins, like ancient temples of Rome, decayed When the day was fairly ushered in, before

the rumbling of the milk wagons on the pavements outside the fire lines had ceased crowds of people began to flock from all quarters, intent on viewing in all its significance the effects of the great fire on the massive buildings. The walls of many of the buildings are in

very dangerous condition, and unless great care is exercised serious secidents will result. The wners of many of these walls are contemplating blowing them up at once.

Nearly all the burned-out merchants have made arrangements for occupying other stores and at once resuming business.

Many large safes are seen looming up in the uins, and seem to have resisted the fury of the flames, for although charred and rusted they

The day will bring forth many interesting things. In T. Y. Crowell's bookbindery 500 girls

were employed, many of them the sole support of families, and the blow to them will be espe-The wholesale small ware business of Boston.

with a single exception, is wiped out by the fire, but all of the firms will resume business as soon The lower floors in some of the burned build-

ings are submerged to the depth of 6 to 8 inches with water thrown on the flames. The list of the missing and injured continues to grow apace. To-day two other Boston fire-men, named Brooks and Murnane, the latter

connected with Hook and Ladder Company No. 8, are reported as probably killed. Officer Atkinson, of the Boston police, is suffering from a terrible gash on the head received by a falling block of granite on Kingston street. Warren Dow, of Steamer 2. Cambridge, was

rendered insensible by a falling brick on Kings-District Chief Abbott received a severe injury to the knee, and Capt. Delano, of Charlestown, is anffering from badly bruised legs. Many other firemen and officers were slightly

njured. Fire Commissioner Tobin this forenoon waited upon the Mayor and asked that a detail of laborers in the paving department be sent to the ruins and find, if possible, the bodies of firemen P. D. J. Buckley and Frank P. Loker, of Ladder B.

The Mayor at once gave the necessary orders, and soon fifty street laborers, with pickaxes, shovels and bars, were on their way to the runs. Nothing has been heard of Firemen John J. Brooks and McMann, both of Hose 7, since early yesterday, and the sad information is given out that these two brave fire laddies also probably perished in the flames.

A careful estimate by Charles U. Cutting, a leading authority in real estate circles, places the loss by the fire close to \$3,000,000.

A DEADLY CYCLONE.

Eight People Killed and a Young Woman Carried Away by Its Fury.

SEPECIAL TO THE EVENING WORLD. CHARLOTTE, N. C., Nov. 29. - A very destructive cyclone passed over a portion of Buford

County yesterday, doing great damage. Houses were blown down and trees torn up by the roots. The residence of a farmer near Washington, the county seat, was blown to atoms and the entire family, consisting of father, mother and four children, were killed

father, mother and four children, were killed instantity.

The grown daughter was to have been married to-day, and all preparations had been made to celebrate the happy event.

A factory near Washington was blown down and two people killed, while a dozen others received bad injuries.

Miss Mattic Chevo, the pretty daughter of a farmer, was caught up on the cyclone and carried away upon the bosom of the mad wind. Her body has not yet been found.

Ileports so far are very meagre, and it is impossible to obtain names of all killed this morning.

Scenes in the Burned District as All Pettus's Estate, Including His Brooklyn "L" Stock, Left to His Wife.

> His Murderess Passing a Lonely Time in the Woman's Prison.

Ever since the first excitement over the sensational murder of Stephen L. Pettus cooled down, speculation has been rife as to what disposition would be made of the dead man's immense

estate. in it any provision for either of the two women who have publicly acknowledged that he be-

By some it was asserted that some such prorision had been made, and that this fact would be disclosed as soon as his affairs should be investigated.

him.

An Evening Wohld reporter called upon Mr.
Johnson to-day in his office in the Equitable
Building. The lawyer said in answer to an in-

"Yes, Mr. Pettus made a will, and it is now in our custody. It is to be offered for probate in the Surrogate's Court of Brooklyn at

"Then there is no mention in it of any claims either by Mrs. Southworth or Rosa Lloyd?"

"None whatever. The document is very brief, being only a few lines in length and was evidently drawn by Mr. Pettus himself, for it is in his own handwriting, without the assistance of legal counsel, and is perfectly valid. Mrs. Pettus will get every cent of the property."

A LABGE ESTATE.

"How large an estate was left?"

"How large an estate was left?"
"I cannot answer that question any better than you can until an examination has been made of his affairs. All that I can say is that Mr. Pettus was a very wealthy man, though I am inclined to believe that the newspapers have made him out wealthier than he really was." MUCH BROOKLYN "L" STOCK.

"Yes, but just how large I couldn't say. His property will certainly provide amply for his widow, and she can make what disposition she chooses of it."

whom the team's splendid physical condition property will certainly provide amply for his widew, and she can make what disposition she chooses of it.

Noor \$600,000.

**From a gentleman who professed to know something of Mr. Estress affairs it was learned value of the estate left by the murdered man.

He originally had \$10,000 in the Brooklyn. He companies two years ago he larger will be companies two years ago he larger will receive the companies the property increased his holdings.

Besides this it was said he held a large amount of real estate both in this city and in Brooklyn. From which he derived a considerable income in his will for any of the women who had claims against him, and if there was anything to be done in this direction it would have been done by a settlement made before his death.

PREPARING FOR THE OTHER WOMEN.

Lawyer Howe said this morning that no day had yet been agreed upon for the trial of Mrs. Southworth, but that this matter would be settled before the close of the week.

"She will not certainly be brought to trial next week," said Mr. Howe, "for we must have time to prepare ourselves fully, Witnesses where the open would have been done by a settlement made before his death.

women in general. Mrs. Southworth days
she has the prayers of many Christian mothers."

SAME OLD FAKE.

That California Athletic Club's Offer to Sullivan Trotted Out in New Form. A Boston despatch brings out again to-day the old chestnut that the Pacheco, Cal., Athletic Club has hung up a big purse for a mill between the big 'an and Pete Jackson, the colored prodigy. The "purse" has swelled to \$35,000 now.

The "purse" has swelled to \$35,000 now, and Sullivan was exhibiting to his admirers a very dirty alleged telegram to confirm the truth of the rumor.

Leading authorities in pugilistic matters in this city laughed again when they saw to-day's despatches.

"The same old fake," said one. "Why, there isn't a club on the Pacific slope that would hang up \$20,000 for the event, to say nothing of \$35,000.

Said to Have Spread Forged Papers. [SPECIAL TO THE EVENING WORLD.] TROY, Nov. 29, -It is reported that James C. Fursman, son of E. L. Fursman, Supreme Court Justice-elect, has left the city under a cioud. It is understood that he has raised over \$5,000 on forsed paper and disappeared. His wife and child are dangerously ill as his father's house.

The Murdered Merchant's Last Testament Ready for Probate.

trayed and ruined them ?

Until to-day, however, nothing has been said upon this subject by Mr. Pettus's counsel, Hoadly. Lauterbach & Johnson, and those who were interested in this question were left in doubt as to what disclosures might be made by the probate of the will if any should be found. So far as his counsel at first knew there was no will, at least they had never drawn one for

once."
"Where was it found?"
"Among Mr. Pettus's private papers. It is
dated in 1881, long before he met Mrs. Southworth, and by it he leaves all his property absolutely and unconditionally to his wife."

'He amassed a very large interest in the Union Elevated Railroad Company, of Brooklyn, did he not?"

Springfield's Company All Right. SEPECIAL TO THE EVENING WORLD. SPRINGFIELD, Mass., Nov. 29, -Vice-President Dunham. of the Springfield Fire and Marine Insurance Company, said this morning that their loss on the Boston fire was \$46,000, with \$20,000 to hear from. This, with their Lynn loss, aggregates \$106,000 in two fires, with \$20,000 of insurance in doubt.

The Company's surplus, reported in January, was \$617,902. They sustain no loss on last night's Thompsonville fire.

IT WAS A RAFT OF DEATH.

Bodies of the Ten Drowned Sailors of the Rotten Germania Recovered, No wreck upon the Jersey coast has been at

tended with so great loss as that of the ill-fated bark Germania since the loss of the emigrant ship Era in 1854. The entire shore from Seabright to Asbury Park is strewn with wreckage, and the sullen waves have washed upon the beach the bodies of the drowned sailors.

It is universally agreed that Capt. Wardell's

It is universally agreed that Capt. Wardell's life-saving crew did everything humanly possible to rescue the doomed men, and that only by the exercise of the greatest prudence was the list of the boatmen kept off the death roll.

A body was discovered yesterday afternoon in the surf about a mile below Life-Saving Station No. 1, and three others have been discovered within fifty yards of the spot. One was borne upright, looking as if the man were treading water. It was found that the feet were entangled in wreckage.

On the finger of one of the bodies was a gold ring inserthed "F. Giedrich, 1870."

Two other bodies were recovered by Life-Saving crew No. 2.

Spars and timbers which have worked ashore show the vessel to have been absolutely rotten. Broken pieces show the wood to have been more punk. Supt. Havens, of the Fourth District of the Life-Saving Service, will make a detailed report to the Treasury Department.

This forenoon the bodies of the four men hitherto unaccounted for were washed upon the beach at Sparmaceti Cove, N. J. The body of Capt. Windhorst was among them.

Novelties for the Holidays. Perfumes and Tollet Waters in fanc

YALE MEN SAY" **BLOODSHED AT SEA.**

That They Were Fairly Beaten by Prince- Steward Ah Low Fires on His Superiors

When the American ship Southern Cross, none the worse this morning for their hard which had just arrived from Hong Kong, came to anchor in the upper bay to-day the United States revenue cutter Washington hove alongside her.

One of the officers of the Washington sig-

He was seen this morning in room 529, of the Murray Hill Hotel, by an Evening World renalled to be taken aboard of the ship, and upon reaching the deck of the Southern Cross displayed a warrant of arrest issued by the United "Oh, this injury is nothing at all," he said. States authorities. "This paper," the United States officer said. "I do hope people won't magnify my little "calls for the arrest of Capt. Justice A. Bailey and the first officer of the ship Southern hurt into a broken leg or decapitation. I'll

Cross on the charge of murder." Capt. Bailey and the mate of the vessel forinight, I suppose, after which my physi-stepped forward and were confined in the capclaus say I can use my foot the same as be- | tain's cabin in charge of the United States representative until 10 o'clock, when they were ar-

If George suffers any pain he does not own it.

In his room this morning was giant Hector Cowan, sitting on the footboard of the bed smiling and happy as when on the football field. His huge frame had withstood the attacks of Yale's onslaughts without injury of any kind. His face bore several scars, the result of plonghing up the slimy clay of Berkeley Oval.

Several other members of the victorious team sat about the room and told over again for the hundredth time how Princeton won.

"Jim" Robinson, Princeton's trainer, to whom the team's splendid physical condition is due, merrily exchanged chaff with 'his boys." If George suffers any pain he does not

resentative until 10 o'clook, when they were arraigned before United States Commissioner Shields.

The alleged crime was committed on the voyage of the Southern Cross from Anstralia to Sydney.

The victim was Ah Low, the Chinese steward of the vessel.

The Southern Cross left New York for Anstralia to Sydney a most exciting some from Anstralia to Sydney a most exciting some was enacted in the forecastic.

An Low, who was looked upon by captain and crew as a well-behaved Celestial and Jolly good company, ran short of opium.

This maddened him and he barricaded himself in the forecastic, and by some means became possessed of the captain's shooting-irons. With one of the ship carpenter's tools he made a hole through the boards of the forecastic, and through the opening began to pepper the members of the orew indiscriminately with 32-calibra bullets.

One of the shots took effect in the neck of the

seamen.
Capt. Bailey concluded then that it was time to interfere, and, as he states, with the view of frightening the Chinamen, he and the first officer discharged two shots each from repeating rifles through the boards of the steward's ing rifles through the boards of the stewards retreat.

Simultaneously with the discharge of the officers rifles the bombardment from the forecastle ceased.

The doors were broken open and Ah Low was discovered, with a still smoking pistol in each hand, lying on his back, shot through the heart.

The Chinaman was buried at sea the following day.

from the Boston League Club.

A Chicago despatch says that Mike Kelly, the well-known baseball player, was in the city yesterday en route to the Pacific coast. During the day he held a levee at the hotel, and hundreds of his old friends called on him.

While talking about Brotherhood matters he said that the Brotherhood had nearly all the stars now and that he was going to get the remainder of them. "The Pittsburgs will cut Brotherhood de-serters into thumb-nails next season," is the

peaceful remark attributed to "the only. Kelly also said that Director Conant, of the Kelly also said that Director Conant, of the Boston Club, offered him \$5,000 and \$5,000 a season to play with the Boston League Club for three years, but that he spurned the offer.

"Buck Ewing," continued Mike, "was offered the same bonus and \$7,300 a year to stay with New York, but he wouldn't do it."

"Glasscock deserted the boys for \$1,000 and a \$4,000 position contract."
 kelly is expected at San Francisco Monday or Tuesday. The Boston Club is already there, and Gen. Dixwell thinks they will all be loyal to the Brotherhood. Manager Hart says Comiskey will join the Brotherhood and play first for Chicago next season.

will join the Brotherhood, Manager Hart says comissey will join the Brotherhood and play first for Chicago next season.

Pitcher Frank Foreman, of the Baltimore Cirb, has signed with the Club for next season. He signed a Brotherhood contract recently, but preferred a sure salary to a speculative one.

Walter Appleton, of the New York League Club, says that the Club will at once proceed against Brotherhood members who have signed contracts with the Club. He thinks other clubs will follow the example.

President Young, of the National League, has received and promulgated the contracts of Glasscock, Denny, Buckley, Boyle and Sommers with the Indianapolis Club and McPhee with a theirmati. Some of these players have been reported as stanch Brotherhood men, but this announcement puts their attitude in an entirely different light.

Bill Brown is reported to have joined the Brotherhood. He is now in San Francisco.

ORGAN-GRINDERS' ORDINANCE.

Mayor Grant to-day invited publicly any person who had any opinion for or against the ordinance permitting organ-gripders to play in the streets, after having obtained a license, to communicate with him before Dec. 6.

The Mayor will consider the dpinions of the public before he signs the ordinance.

Lavinia Belle Looked a Winner by a Length, but Oregon Got the Verdict.

BIG CROWD AT ELIZABETH

The Favorites Were in Form and the Talent Are Happy.

THE TRACK AND RACING WERE GOOD.

[SPECIAL TO THE EVENING WORLD. ELIZABETH RACE TRACE, Nov. 29.—Bright sunshine and a promising card brought a good crowd to this place to-day, and they saw siz good races run off over a track that was near dry, the heavy frost of this morning drying it out at a lively rate. The betting ring is warm and comfortable for

the twenty bookmakers who are at work, and many of the betters did not leave it during the day, seeing the races through the glass parti-tions as well as they could be seen from the stand. Purse, \$400; five furlongs.

The race.—Bohemian got the best of the start and led for three furiongs, then Kenwood and the Janet Murray gelding passed him and raced together to the last sixteenth, where Winona moved up, but Kenwood came on and won casily by a length. Winona was second, same distance before Janet Murray gelding. Time—1.00%

The Race.—As soon as the start was made

volta went to the front and held a clear lead of
three lengths until well up the homestretch,
where G. W. Cook came very fast next the outer

rails, and drawing out he won by three lengths.

Volta was second, a neck before Battersby. The
others were close. Time—1.194. FOURTH BACE,

The Race.—They broke with Oregon in front and with Lavmia Belle close up he ran in the lead under a good pull to the lower end of the stand, here Lavmia Belle came to the outside and to nearly everyone on the stand appeared to win by a length, but the judges saw it differently and gave the race to Oregon, placing Lavinia Belle second and Taragon third. Time—1.47%.

FIFTH BACE.

Purse \$400; one mile.

FIFTH BACE. Parse \$400 ; three-quarters of a mile. King Idle, Hopfelly, Tainbow, Lela May, also ran, The Race.—After some little delay the flag was lowered, with Reecho in front. He was at once joined by Pelisam and Arab, and the three ran in close order to the end, with Reecho finally winning by a length. Pelham was second, a neck before Arab. Time—1.1944.

Sixth Race.—Santaline won by three lengths: W. Daly, ir., second, a length before Glanmound. Time—1.4634.
